Clay,

As we discussed earlier today, attached is the draft 3a letter for the Alaska Stand Alone Pipeline project. We are still working on the enclosure (ARNI justification) and I hope to send a draft to you by COB tomorrow.

Also, David Allnutt had a conversation with Mindy Eisenberg this afternoon. We understand that the briefing for Lee Forsgren will likely occur between the 3a and 3b letter. Since our plan to request an extension to the comment period is largely based on needing more time to brief upper management, and given the latest update from Mindy, we intend to send the 3a letter by the due date of August 14.

We would appreciate your input on the attached letter. Let's talk next week when you are back in the office.

Thanks,
Hanh
